Westmont Police Department

2017 Notable Accomplishments

*Members of Unity Partnership were invited to participate in our Citizens Police Academy in an effort to bridge the divide between police and the communities we serve. CPA graduate Regina Brent stated, *"They became my brothers and sisters and no longer just a servant with a badge. We have a relationship now which is more important than a partnership...I care about their safety and their reputation as long as I know they care about the welfare of every race, religion and community."*

*The DEA task force program has allowed the police department to fund equipment and improvements that were not funded by the budget. The range and workout room improvements as well as purchase needed equipment for the bike program.

*While many of the Community Outreach programs are perpetual events, we added new events including National Night Out, Pet Health Fair, Kelly's Hollywood, "Movember" and a charity volleyball game with CUSD #201.

*D/C Thompson assisted with a 1994 cold case homicide in Lisle.

*The "Safe Exchange Zone" was implemented and has quickly become a popular program.

Coming in 2018:

- Contract negotiation with FOP Lodge #63
- 2nd floor break room remodel
- Hire 4 officers
- Interoperable CAD RMS
- ILEAP
